SUCCESSFULLY STAYING AT HOME

Thursday, March 11, 2010

1:00-3:00 PM

Washington Park Senior Center

4420 West Vliet Street

Milwaukee, WI 53208

*Certificate of Attendance available upon request

Agenda

1:00 pm - 1:30 pm	Registration and networking
1:30 pm - 3:00 pm	Successfully Staying At Home

Although “aging in place” is the goal of many older adults, there are often many barriers that prevent individuals from staying in their own home as they age. Typical concerns include financial limitations, accessibility issues in the home and simply keeping up with general maintenance. During this program, you will hear from three local experts about ways that older adults can remain in their own homes longer – and more safely – by planning ahead.

You will discover:

- Common challenges to aging in place and short-term and long-term solutions for helping older adults stay in their home for as long as possible.
- Typical home modifications needed by older adults and how seniors can get assistance with home repairs and other modifications to improve safety and accessibility.
- How Reverse Mortgages work, who can benefit from them, and how older adults can use them to ensure their financial security and help pay for needed home improvements or modifications if needed.

Presenters:

Patti Freymuth, Inside the Box Design, LLC

Lynnea Katz-Petted, Rebuilding Together

Marc Messinger, Wells Fargo Home Mortgage
